We have been exploring the facts concerning the reliability of the Bible.

1. Is the Bible trustworthy?
2. Is it really the Word of God?
3. Is the Bible 100% Accurate?
4. Is there a way to prove these things?

Deuteronomy 29:29

“The secret things belong to the LORD our God, but those things which are revealed belong to us and to our children forever, that we may do all the words of this law.

One of the amazing facts that has been discovered in the last 15 years, by use of today’s high speed computers, is the “Bible Code”.

- **The code** is composed of words that are spelled out by skipping equal numbers of letters through the original Hebrew text.
- **This phenomenon is called EDLS-Equal Distance Letter Sequences**--words with equal jumps of spaces between each letter.

According to Jewish tradition, Rabbis have claimed for centuries that That the Torah contains all knowledge and there is a "**Hidden Text**" in the Torah (Five Books of Moses) which they believe is as old as the Torah itself.

In 1958 Rabbi Weismandel noticed that if he selected sequences of equally spaced letters in the Hebrew text he could find words or phrases such as “**Hammer**” or “**Anvil**”. He called these "**Equidistant letter sequences** "ELS for short.

In 1890, Ivan Panin, a Christian Mathematician from Russia Believed that he had discovered amazing patterns in the Original Hebrew Text of Psalms. He wrote over 40,000 pages of notes regarding these recurrent patterns of the alpha numeric values of the numbers 6 and 7 from the Greek and Hebrew texts decades ago.

- He published “**Structure in the bible, the Numeric Greek New Testament**” and the “**Numeric English New Testament.**”
- **Dr. Panin once challenged** 9 noted Bible critics in the New York Sun newspaper November 9, 1899. He dared them to publicly refute the facts of the Numeric significance of the Bible that he had discovered. 4 made excuses, the rest never said another word about it!

Twelve years ago, Doron Witztum, whose area of study is in modern physics and general relativity, began looking for hidden word patterns in the Torah.

- **He enlisted the cooperation** of world renowned mathematician, Dr. Eliyahu Rips, Associate Professor of Mathematics at the Hebrew University of Jerusalem. Rips developed the mathematical system for measuring the statistical significance of the results. (Both men are Orthodox Jews and believe the Bible is of divine origin.)

Statistically Rips can, by mathematical formulas determine whether the ELS words extracted from the Bible by computer are only random coincidences or can be statistically proven to be deliberately encoded by a Higher Power or intelligence.

- Their conclusions were that Mathematically, the odds are very small for These Codes it to "Just happen".

Mathematician Professor David Kazhdan, chairman of the department of Mathematics at Harvard University and fellow scientists from other universities including Yale and Hebrew University in Jerusalem confirmed that the study of Equal Distant letter Sequences is "Serious Research" carried out by serious investigators.

Dr. David Kazhdan made the following statement during an interview with the newspaper in 1996 "The phenomenon is real, what it means is up to the individual..."

- What makes these researchers statements so incredible, and highly credible is the fact that many of them do not believe the Bible is from God.

The Scientists that have studied EDLS extensively said that "It would be extremely difficult to create such a Hebrew document containing hundreds of encoded EDLS words."

- They concluded that "It would be virtually impossible to reproduce this phenomenon in a Hebrew text, even if the group has the help of a group of brilliant linguists and the assistance of the worlds most sophisticated supercomputers."

In addition, the EDLS words contained in the Hebrew, the text also speaks of events that when the text was written, was hundreds of years to come in the future.

- The overwhelming evidence is that God inspired Moses to write the precise Hebrew Words, including those coded EDLS words.

So that you can understand what we are talking about, I want to show you the Hebrew Language and how these Equal Distant Letter Sequences work.

וְלֹא יִתְּעַלֶּי וְלִבְנֵה כִּי מִ
 כָּכָשׂאָדָבָן שְׁנֵי תוּ לְעֵלֶה שֶׁ
 תִּהְיוּ יְסֻמֵּי תִּבְנֵי יִשְׁרָאֵל
 צוּרֵי שֶׁדִּי וְעֵלְצָבָא מִטְּהָבָה
 אֲשֶׁר בָּצָא תוּ מִתְּהָמָו וְ
 וְאֵת הַנְּזִאָּשׁוּרָא מִתְּהָמָו
 לְאֵבֵי נְסֻמֵּי אֵלֵי אֲבוּיָא
 יִהְיוּ לְהַתְּמָו לְהַתְּמָו לְהַתְּמָו

This Text is the Hebrew letters of Numbers 5:15-18:9

- **Hebrew** is read from right to Left.

- **Count 9 letters from the right side**, you get the first Hebrew Letter in Jesus Name.
- **Continue to count** every 9th letter in the Hebrew, you come up with the Spelling “**Yeshua Mashiach**”, which is “**Jesus Christ**” **indicated by the Red letters**
- **The Hebrew letters in the Bright Pink** color are the Hebrew letters that spell “**The Sin Offering**”

So, in this first example found in the Book of Numbers, we see that the phrase “**Jesus Christ the Sin Offering**” is encoded at every 9th letter of this block of letters. (*Note: The actual skip sequence of Number 5:15-018:9 is every 3,316*).

It is interesting that the text in the Book of Numbers that has encoded the Phrase: “**Jesus Christ the Sin Offering**” is found in, this entire part of the Book of Numbers is about

- The Sin Offering,
- The Vows of a Nazirite, which Jesus was, and even
- The Passover Lamb, which Jesus was.

So, let’s just talk about the facts that we find:

- **Hidden within the words** of the Hebrew Torah (First 5 books of the Bible), are encoded in sequences, words that correspond with important events that have happened in history.
1. **The Holocaust** of the Jews by Hitler in Numbers and Deuteronomy.
 2. **The Bombing** of the Federal building in Okalahoma City April 19, 1995 in Genesis.
 3. **The Hebron Massacre** of 1929 in Gensis, Exodus, and Leviticus.
 4. **The Gulf War** with Iraq in 1991 in Genesis.
 5. **The 911 attack** on the Twin Towers in New York
 6. **The Assassination** of Yitzchak Rabin, the Prime minister of Israel.

Now, let me say at the beginning that the jury is still out on whether the Bible Code is Genuinely of God or something else.

- **You can find compelling arguments** for and against, on both sides of the Bible Code issue.

Howard Gans a senior cryptologic mathematician (*code-breaker*) at the United States Pentagon with 28 years of experience from the U.S. national security Administration, had heard about the Bible code, and decided to investigate.

He is an Orthodox Jew and knows Hebrew. He figured he would prove the Bible Code to be a hoax. So, he wrote his own computer program, and checked out one list of the Words and their sequences found in the Hebrew Torah by the Rabbis.

To his amazement, His computer program found the same Words at the same sequences the Rabbis had found in the Torah. His conclusion was that ***“These encoded words were not there by random chance, but were put there by an intelligence, on purpose.***

- **There are several “Bible Code” advocates** that are not even believers in the Lord. Their methods and results in Bible Code research are a perversion of what the Bible Code is genuinely about. We will discuss what the Bible code does say, and what it does not say, a little further in this study.
- **The evidence that I have seen** seems to point to the fact that the Code is genuine, although there are many misuses of the code being done by people with personal agendas.
- **The facts are** that certain words are coded in these places in the Hebrew Torah, and more importantly, they are **“Clustered”** around the text that speaks of the subject of these coded words.

For example:

In Genesis 2, which deals with the Garden of Eden, scientists found twenty-five different Hebrew names of trees encoded within the text of this one chapter. The laws of probability indicate that the odds against this occurring are one hundred thousand to one (Professor Daniel Michelson, Codes in the Torah).

[Genesis 1:29](#)

God said, “See, I give you every seed-bearing plant that is upon all the earth, and **every tree that has seed-bearing fruit**; they shall be yours for food

[Genesis 2:9](#)

And from the ground **the LORD God caused to grow every tree** that was pleasing to the sight and good for food,

Beginning at Genesis 1:29 and continuing through Genesis 2:9, we find that the following Tree names are encoded in the Original Hebrew Text.

27 Trees in Genesis 2

Wheat	5
Vine	-18
Grape	-6
Chestnut	44
Forest	-3
Date	5

Acacia	-3
Pistachio Nut	13
Pomegranate	8
Aloe	6
Tamarisk	2
Oak	17
Terebinth	-2
Thorn	5
Hazel	-13
Olive	3
Citron	-3
Fir	8
Cassia	7
Almond	5
Poplar	-85
Bramble	7
Cedar	-5
Fig	14
Willow	-15
Barley	-28
Chestnut	44

What makes these names of trees and seed bearing plants important is that they are found hidden in the Verses of Genesis Chapter 2, where God said, “See, I give you every seed-bearing plant that is upon all the earth, and **every tree that has seed-bearing fruit**; they shall be yours for food

- **Another amazing discovery** was made in the “**Suffering Messiah**” text of Isaiah 52 and 53 by **Yacov Rambsel**.
- **Isaiah wrote of Jesus trial, Crucifixion, and Burial** 700 years before he was born.

- **As if these prophetic predictions** were not enough, we now find that the Holy Spirit has **hidden in the Original Hebrew Text of Isaiah 52, 53 and 54, Encoded words of Jesus name, His Disciples, Pilate Herod and many others.**

In Isaiah 52, 53, and 54, Jesus is spoken of as being “*Beaten beyond recognition as a human being*” (Is 52:14),

Isaiah 52:14

Just as there were many who were appalled at him — his appearance was so disfigured beyond that of any man and his form marred beyond human likeness

Jesus was “*Despised, Rejected, Wounded for our Transgressions, Taken from prison and Judgment, a Grave with the wicked, but with the Rich at His death, Although He had done no violence, nor any deceit found in His mouth*”

- **Yet the 40 encoded words/phrases in Isaiah 52, 53, and 54 fit perfectly what this story of Jesus suffering is speaking of:**
 1. **All of the Names of the Disciples**, EXCEPT ONE, JUDAS ISCARIOT, the one who betrayed Jesus and was lost is not in the list of names.
 2. **There were 3 Mary’s** at the foot of Jesus Cross when He was being Crucified: Mary, the wife of Cleophas, Mary Magdalene, and Mary, Jesus mother.
 3. **The following other words** were also found encoded in Isaiah 52, 53, and 54: *Nazarene, Messiah, Shiloh, Passover, Galilee, Herod, Caesar, The Evil Roman City, Caiaphas, High Priest, Let Him Be Crucified, His Cross, Lamp of the Lord, His Signature, Bread, Wine, From Zion, Moriah, Obed (Servant), Jesse, Seed, Water, Levites, From the Atonement Lamb, and Joseph.*
 4. **Even the Phrase** that the people shouted to Pilate as He asked them what they wanted to do with Jesus.

Matthew 27:22-23

22 Pilate said to them, “What then shall I do with Jesus who is called Christ?” They all said to him, “**Let Him be crucified!**”

23 Then the governor said, “Why, what evil has He done?” ¶ But they cried out all the more, saying, “Let Him be crucified!”

This term: “Let Him be Crucified”, is encoded in the Text of Isaiah 53:8

Isaiah 53:8

He was taken from prison and from judgment, And who will declare His generation? For He was cut off from the land of the living; For the transgressions of My people He was stricken. **Let Him Be Crucified**

What are the chances that these encoded words could have appeared here in the text of Isaiah by chance? NONE! It is beyond the realm of any possibility.

What are the chances that these encoded words that speak of what Jesus did, could be found in any Hebrew writings? NONE!

- **Some of the critics** of the Equadistant Letter Sequences encoded in the Old Testament say that These words could be found in any Hebrew Literature.

- **Yet, in all research** seeking to locate these same words in any other Hebrew writing, **they cannot be found!**

Amazingly, the list of words encoded in the Old Testament continues to grow as the research continues:

Equal distant Sequenced Words discovered to date include:

- **The Holocaust** of the Jews by Hitler in Numbers and Deuteronomy.
- **The Bombing** of the Federal building in Okalahoma City April 19, 1995 in Genesis.
- **The Hebron Massacre** of 1929 in Gensis, Exodus, and Leviticus.

- **The 911 attack** on the Twin Towers in New York
- **The Assassination** of Yitzchak Rabin, the Prime minister of Israel

The Holocaust and Hitler in Numbers and Deuteronomy

- **For many years, the Jewish people have asked why there were no prophecies in the Bible about the Holocaust.** This was the worst period of history of the Jewish people and yet there seemed to be no mention of it in the Bible.

The discovery of the Bible code, revealed that the Lord had in fact encoded prophetic information about the Holocaust within the text itself.

Numbers 19

Scud B (15)

One of the greatest miracles during the War in the Gulf in 1991, was when the 39 Russian designed Scud B Missiles rained down on Tel Aviv, the largest populated area of Israel.

Most of Israel's 5 million people live in Tel Aviv.

The American Patriot anti missile system proved to be of some help in destroying Iraq's Scud Missiles launched against the American troops in Saudi Arabia. However, the same anti missile system did nothing to protect the Jewish people from the 39 missiles that were launched against them.

Several times the Patriot Missiles managed to break up the incoming Scud's in the air but they did not work as well as was hoped.

The Scud B missiles that did make it into Tel Aviv, destroyed over 15,000 Israeli apartments and homes.

Amazingly, not one single Jew was killed by this devastating Attack The odds against not one Israeli losing their life when over 15,000 of their homes were destroyed is astronomical!

This is a supernatural demonstration of the power of the Lord to protect those that belong to Him.

Another amazing story that happened during the Gulf War that Demonstrates the Lords power to protect His People:

One of the Missile attacks hit it's intended target from over 500 miles away from Iraq, inside of Israel.

The Iraqi missile made a direct hit on the "Gush Dan main gas line terminal in Tel Aviv that supplies hundreds of thousands of homes and apartments with Gas.

The gas lines of every home in Tel Aviv was connected to this main line, which would normally be filled with extremely flammable gas.

Under normal circumstances, a missile making a direct hit on this main line, would have started a chain reaction of explosions below every street in Tel Aviv, creating a firestorm that would have killed tens of thousands of people.

To the astonishment of the Israeli Military, there were no secondary explosions when the missile hit the main gas line.

Just days before the missile attack, technicians were working on the gas lines when they had detected a minor malfunction in the gas lines that forced them to shut off and empty the entire gas line system by draining off all of the gas so allow for a safe inspection and repairs.

(The Handwriting of God, Grant Jeffrey, pp 135)

A few remaining facts about the Bible Code for your consideration:

1. The Bible Codes are found only in the orthodox Hebrew text of the Old Testament.

- **There are no other Hebrew documents**, books or writings that have ever been found to contain the Bible Code.
- **The Talmud, the Mishneh**, the Apocrypha of Tobit and Maccabees do not contain any hidden encoded words.
- **There is an indication** that there may also be some coded words in the Greek New Testament, but as of this date, no one has done any research in this area.

2. The Bible Code cannot be used to predict the future.

- **The Bible code cannot be used** to find encoded words until the actual event has happened.
- **First the event must happen**, then a search can be conducted for specific words.
- **Once the event has happened** such as the Gulf War, specific words such as “Saddam Hussein” or “Schwartzkopf” can be seen encoded in the text.
-

The Bible Code can confirm that the Scriptures contained information about historical events that happened hundreds of years after the fact.

- **However, the Bible codes** are totally ineffective to foretell future events.
- **Even if you guessed the correct words for some event that was to happen in the future you would still not know enough to predict what was going to happen.**
- **It seems to be the design of the Lord** in the Code, to confirm His Word, not to predict His Word.

Michael Drosnin wrote a book called “**The Bible Code**”, in which he seeks to predict future events by used of the Bible Code. When his claims are carefully examined, it is found that the information he puts forth is not sufficient to allow anyone to accurately predict the future. Mr. Drosnin is not a Believer in Jesus, but is a claimed Agnostic.

- **Before the Assassinations fo Yitzchak Rabin**, the Prime minister of Israel, Mr. Drosnin discovered Rabin’s name encoded in Deuteronomy 4:42 in Hebrew: “***...assassin that will assassinate.***” Did this mean that the prime minister would order the assassination of someone, or that he himself would be assassinated?

- **The point of this is that the Bible Code is really only meaningful after the events has actually happened.**
- **The Credible Hebrew Researchers**, Professor Eli Rips, Yacov Rambsel, do not believe that the Bible Code can or should be used to predict future events.

3. The Bible Code does not reveal any Doctrine or teaching.

- **There are no sentences** that speak of any doctrine such as salvation or other message from God.

4. The Bible Code has nothing to do with Numerology.

- **Numerology** is the occult use of numbers to predict the future.
- **The numbers of the intervals between the words of the codes have no importance. It is only the words that are found that are of importance.**
- **There is nothing secret** about the Codes, they are well documented and published in Scientific and Mathematical journals.

5. The question then is, “If God put these coded words in the Hebrew text, Why?”

Every generation except the present, has accepted the authority of the Bible as being the Word of God.

- **In the last 100 years**, the Bible has been under attack by Liberal Theologians, University Professors and the Media.
- **It is only recently** that this generation has been made aware of the these encoded words in the Word of God.
- **It is as if the Lord knowing in advance** that in the last days His Word would come under attack, provided in the last days, a defense of His Word that was overwhelming.
- **The complex nature of the intervals** of these words would not have been discovered if not for the use of today’s high speed computers developed in the last 15 years.

Hundreds of years ago a famous Rabbi: Vilna Gaon lived and taught in the city of Vilna Latvia. He taught his students that the Lord has hidden a vast amount of information in the Hebrew letters of the Torah, in Code.

- **800 years ago**, Moses Maimonides said in the Hebrew writings “Zohar”, that there were complex codes written in the Torah. He said that these hidden codes were one of the reasons that the Lord had made sure that the copies of the scrolls were unfit for use even if one letter was missing from the text.
- **This is why Hebrew Scribes** would completely destroy any scroll that not only had the exact letters of the original copy, but had the letters in the exact place on the scroll.

The discovery of the Equal Distant Letter Sequences found encoded in the Old Testament are too precise, too complex to be by any act of random chance.

Did the Lord prepare this knowledge for the final generation that would live on the earth just before Jesus returns, to convict beyond any doubt that the Bible is The Fingerprints of the Holy Spirit?
